To Whom It May Concern:

I am writing this letter to thank your company, CC&A Website Development for your professionalism and a job well done on completing. The newly well designed website for New World Construction, Inc.

After dealing with several other website designers, Jack & Steve your company beats out the competition "Bar None". I must say that with the quality of work, diligence and dedication in completing our website in a timely fashion. Has greatly benefited NWC, Inc. in other pending projects we are handling.

I also want to say that even after the completion of our website the client service and support that we have received has been outstanding. Your attention to the specifics of our website as well as the proper attention has been very remarkable, resulting to a job well done.

Again, I would like to express my gratitude in providing your 100% in completing our well design website. We would not hesitate to refer CC&A Website Development to other organizations who are also in need of quality services from a website designer.

I hope that this would be the start of our continuous relationship and future success.

Sincerely,

A handwritten signature in black ink that reads "George S. Brunson".
